

About the Institute:

K. K. Wagh Institute of Engineering Education and Research, Nashik is approved by the All India Council of Technical Education (AICTE), New Delhi and Government of Maharashtra, and is affiliated to the University of Pune. The institute is adjudged as Grade 'A' by Government of Maharashtra. NBA-AICTE, New Delhi has reaccredited five UG Courses. The institute has a picturesque campus of 23 acres, which includes a Polytechnic, Women's Polytechnic, hostels for boys and girls and a well-equipped gymnasium. The institute has developed state-of-the art laboratories for conducting the courses in Computer, E & TC, Electronics, Production, Civil, Mechanical, Chemical Engineering and Information Technology. The intake at undergraduate level is 780 (including 1st & 2nd shift) and 228 at Post Graduate Level. The institute also has Research center in four departments. It is located in Nashik city on the Nashik-Ozhar road at about 4 km from Nashik Central Bus Stand (CBS) and 10 km from Nashik Road Railway station.

About the Department:

Production Engineering Department is one of the pioneering departments, which has produced several rankers at the Pune University Level. The Department is accredited by National Board of Accreditation (NBA), New Delhi. The department has well qualified, devoted and dedicated team of teaching faculty with a blend of experienced and young teachers. The department has started the PG programme in Production Engineering from July 2006. The department is also recognized as Research Center by University of Pune for Ph.D. studies.

About the programme:

The main objective of this training program is to promote the application of various mathematical programming techniques, statistical methods, and stochastic process methods in the engineering sciences. The training program is intended to provide a forum in which the participants will obtain information about recent methods and techniques to

solve complex research problems. The practical case studies will be discussed in the training program to close the gap between theory and the practice of engineering using these methods. It also highlights successful applications of methods used for research in various areas and contains sessions for the participants without a strong background in the field, which offer material aimed at educating potential users of research methodologies.

The senior faculty members from the host institute and industry will impart the training.

Eligibility:

The program is an interdisciplinary one and is open for all engineering faculty members, research scholars and professionals from industry.

How to apply

Interested candidate should return the completed Registration form attached with this brochure to the "Coordinator, 'Research Methodology: Recent Trends & Applications' Nashik by post/ hand on or before 31th March, 2014. The selected participants will be informed by post or email upto 5th April 2014. (Photocopy of the Registration Form may be used)

Registration Fees (per participant)
Faculty (Engg./Polytechnic): ₹ 1200/-
PG/Ph.D students/Alumni: ₹ 1000/-
Participant from industry: ₹ 1500/-

Registration fees can be paid by cash or DD drawn in favor of Principal, K. K. Wagh I. E. E. & R, payable at Nashik. Registration fee includes course material, tea/snacks and lunch.
