1. Objective and Outcome

1.1. Objective

- To empower senior citizens through the use of technology

1.2 Outcome:

- To increase the awareness of ICT among senior citizens
- To help to understand uses of technology in daily life

3. Brief of Training Program

As we know, Honorable, Mr. Narendra Modi, Prime Minister has the vision of Digital India programme to transform India into a digitally empowered society and knowledge economy.

Taking consideration of his vision, Department of MCA has organized a training program for senior citizens. An objective of the training program is to get familiar to use of the information and communications technology (ICT) in their daily life to make their life comfort and convenient by using the facility of technology like electronic services, products, and video conferencing like many more opportunities.

To get acquainted with this vision, we have scheduled one day training program for age group of between 40 to 60 years old. The use of technology and resources raise interest and increase motivation among this age group. Tutor has actively participated in shaping digital culture among senior citizens in this program.

The training program was inaugurated by Prof. S. S. Jhavar, Coordinator of Department of MCA. Inauguration ceremony started with the welcome speech by Dr. V. C. Bagal , Head of MCA department. She highlighted the importance and objectives of this program. She has explained the need of this training program to all participants. As well as how our Honourable, Prime Minister, Narendra Modi, has planning to change our country and reducing corruption from society as well as give equality to all type of people.

After Inauguration ceremony, we have switched to lecture session and continue with hands on session which gives participant the live experience of this program objective.

In first session of hands on the introduction of use of Internet along with demonstration of email creation and advantages of email facility.

In second session of hands on demonstrated the uses of online financial transactions in variety of ways. That is:

- Online payment ways (Credit /Debit Cards)
- Digital India
- Cashless India
- Advantages of online payments
- Online mobile recharge
- Online electricity bill payment
- Online shopping
- Safety and security

Valedictory ceremony started at 5.15pm with Prof. S. S. Jhawar, coordinator of Department of MCA and Dr. V. C. Bagal, Head of Department of MCA. Department of MCA has given token of love to all participants for encouraging them to participate again in such type of event in future.

The training program was finally ended by thanking the management, principal, Dr. K. N. Nandurkar, Prof. S. S. Jhawar, coordinator of MCA and Dr. V. C. Bagal, Head of Department, tutor, all student volunteers, staff members and finally all participants who have find time from their busy schedule and attended the program.
