

Report of "Chandrayaan 2 and India's Future Space Missions"

The Astro Club of K K Wagh Institute of Engineering Education & Research had organized an expert lecture on "Chandrayaan 2 and India's Future Space Missions" on 30th of August 2019. NASA-Honeywell Space Educator Er. Apurva Jakhadi was the resource person for the lecture. During this lecture information about ISRO's Chandrayaan-2 Moon Mission was given. Complexities and risks involved in various Space exploration missions were also discussed. Students have understood about the opportunities and prospects in this field and learnt about significance of Space Technology & applications, its spin-offs; and its impact on our day-to-day life. More than 200 engineering students of different departments and staff members have attended this event. The Innovation & Research Club (IRC) was also inaugurated at the hands of Er. Apurva Jakhadi during this event. First Year (E & TC) student Gurkirat Singh Kohli has taken initiative for the same. Prof. Dr. D. M. Chandwadkar, Co-ordinator of Astru Club, HOD (E&TC), Dean (Admissions) along with Dr. S. A. Patil and team members have taken efforts in organizing this event.
