

Presentation on “Improving Employability of Students” in association with Siemens, Mumbai

Organized by Electronics & Telecommunication department on 18 December 2017

E & TC Department of K.K.Wagh I.E.E.R., Nashik organized a presentation on Improving Employability of Our Students in association with Siemens, Mumbai on 18th December 2017.

The objective of this program was to discuss with the faculty methods to analyze measures for making students more employable by keeping pace with rapidly changing industrial needs and to bridge the gap between industries and institutes by increased interaction and following multidisciplinary approaches.

Mr. Sachin Bhanushali, Head of SITRAIN, Siemens India discussed need of improving quality of students through trainings.

Mr. Madhukar Dube, who is working as trainer in SITRAIN India gave details of courses offered by SITRAIN, Siemens. Demonstration of different PLCs covered under training was given by Mr. Madhukar Dube and he was assisted by Mr. Mohammad Danish Khan. Approximately 25 teaching faculties from different colleges in Nashik region attended the presentation.
