2. To make the students aware about the steps to fill an IP and its process in a nutshell
3. Understand the concepts of IP which includes trademarks, copyrights, patent, evergreening of patent, design, creativity, invention, moral rights and innovation.
4. Making aware of the rules to protect an IP

SUMMARY:

On the auspicious occasion of Engineer's Day 2021, the IPR Cell of K.K.Wagh college of Engineering Education and Research in collaboration with IETE Nashik Subcentre organized a National Level Webinar on the topic "Creativity and Innovation" on 15th September 2021.

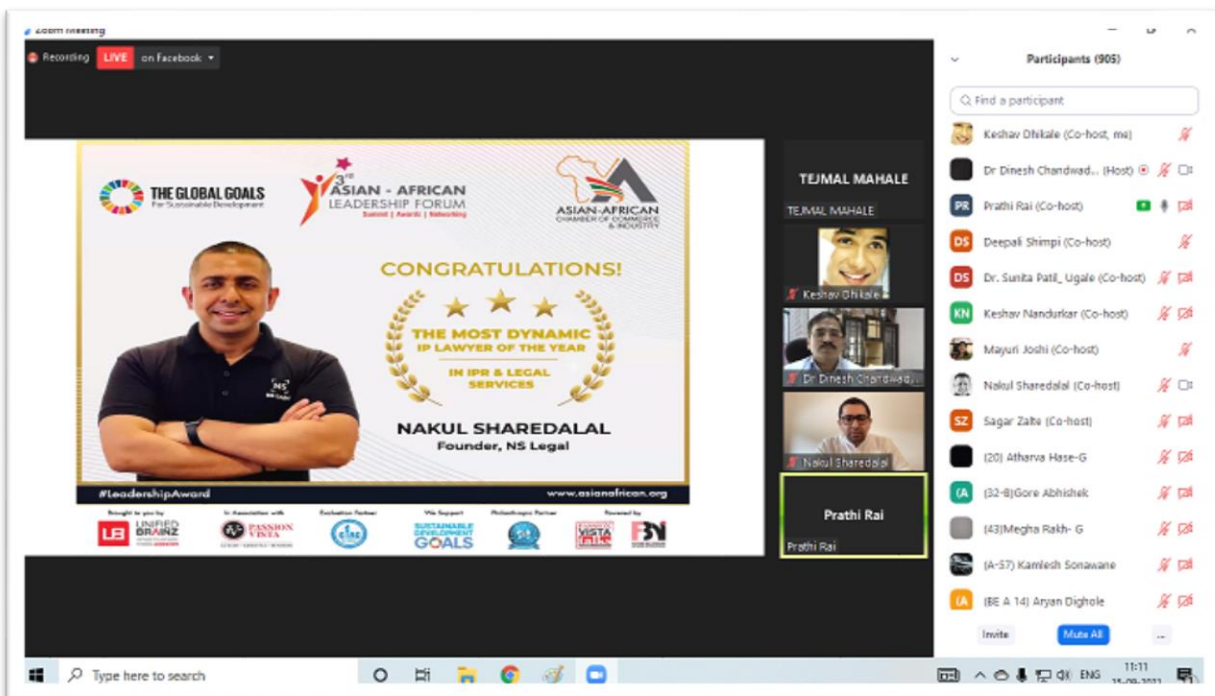

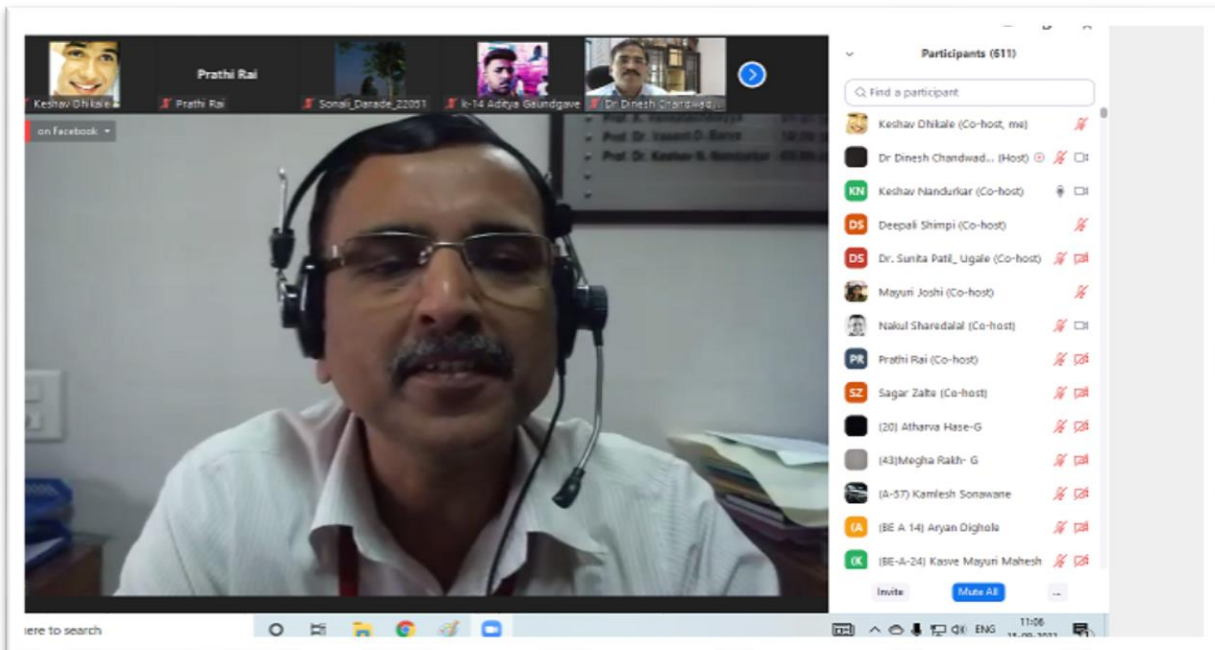

To begin with the Webinar started with a Warm Introduction of Dr. Nakul Sharedalal, Founder of NS Legal and an IP Advocate. Students were very delighted to know about Dr. Nakul Sir's achievement. He is a man with so much expertise and knowledge in this field and he gave a very insightful, powerful and engaging presentation attracting a crowd of more than 1000. The participants were excited and geared up to attend the webinar till the end.

Principal Dr. K. N. Nandurkar sir addressed the students to take inspiration from Bharat Ratna Mokshagundam Visvesvaraya sir and his enthusiasm to work for creativity and innovation in our country. He addressed him as the finest Engineer. He also spoke about engineer's responsibility to achieve the sustainable goals set by the UN to make this earth a better place to live. He also emphasised on the students passing out from K.K.Wagh taking up responsibilities and challenges all over the world.

Nakul Sir showed examples which made students easily understand the concepts of trademarks, copyrights, patent, evergreening of patent, design, creativity, invention, moral rights and innovation. He also spoke about having an original idea, drafting, filling, examining, publishing and renewing process and the appropriate IP management by organizations and individual. He also added about the trademark in Films, Entertainment Industry and the Copyrights in Advertisements. He also encouraged students to work on their own innovations, have an original creative idea and he made them aware of the importance to protect and nurture their innovations. He also spoke about dangers of infringing third party IP and in detail overview of Intellectual Property Rights and the aspects of IP protection.

At last the webinar ended with Question and Answer session where students asked their queries related to the topic and later Thanked Sir for taking out his precious time and appreciating his kind gesture to honour all our participants with his presence. Students promised that they will be an engineer who is creative and innovative, works for the welfare and wellbeing of our country and follows the ethical practices and thus surely contribute to the growth of this country. The webinar ended with the IPR coordinator of our institute Prof Dr. S. A. Patil Ugale Mam giving the Vote of Thanks. She also spoke about their aim to make IPR cell of our college take a forefront in Intellectual property. She also added about the facilities provided by college for Patent filing.
